(Established under Punjab Act No. 12 of 2006)
(Accredited with 'A' Grade by NAAC)

RGNU/PRO/2023/165

Date: 01-10-2023

RGNUL organises 5th Edition of TedxRGNUL

October 1, 2023

The 5th edition of TEDxRGNUL was organised by Rajiv Gandhi National University of Law, Punjab on October 1, 2023. The theme of the event “Exploring Infinity & Beyond” encapsulated the prevailing notion that the 21st century is a period defined by profound and pervasive change. This perspective emphasizes the transformative potential of sustained change, suggesting that it can eventually become ingrained in the collective culture. This cultural shift has not only been recognized but also leveraged as a platform to delve into the concept of “theory of everything”. This ambitious pursuit is geared towards expanding the boundaries of human beliefs. The event showcased the ideas and beliefs of eight distinguished speakers, each representing a distinct field of expertise-Dr. Subramanian Swamy, a figure of prominence in the political realm, Mr. Abhijit Iyer-Mitra, Defence Analyst, Mr. Sunil Pal, a renowned and accomplished comedian, Dr. Srinivas Yanamandra, Compliance Professional, Group Head-Regulatory Affairs & Policy, One97 Communications Limited, Dr. Yugank Goyal, a recognized expert in the domain of public policy, Ms. Jyotsna Uttamchandani, a highly accomplished entrepreneur and Executive Director of Syska Group, Mr. Gaurav Gularia, Chief of Staff, PhysicsWallah, and Mr. Sandeep Shukla, an accomplished international poet. This event aimed to transcend the boundaries of established beliefs, seeking to inspire initiatives that could propel these boundaries even further. In essence, TEDxRGNUL 2023 was a platform for intellectual exploration, challenging conventional paradigms and inviting visionary perspectives towards the infinite potential of human achievements.

A dedicated team of students and faculty members worked together to make this event a success.
