

Office Note
21/05/2025

Due to severe shortage of rooms in Girls Hostels, accommodation to LL.M. girl students for the batch of 2025-26 will be provided as per availability on the basis of merit. The situation has arisen due to limited capacity of existing infrastructure and the high number of resident girl students. Further LL.M. girl students are free to avail accommodation outside the University. The University will not be responsible for providing residential accommodation to LL.M. girl students for the academic session 2025-26.

Warden (Girls Hostel)
