EVALUATION & MARK DISTRIBUTION

The evaluation system at RGNUL comprises of a rigorous system of examinations, project reports, viva voces, seminar presentations and moot courts. At the end of every semester, each student is marked out of a total of 100 for every subject which factors in their examinations, project reports, viva voces and seminar presentations, thereby making 600 marks the grand total of every semester.

In the first six semesters, the marks in every subject are divided as displayed in the pie chart. Out of the total of 100, 30 marks are for project and viva voce, 40 are for the end semester examinations, 15 are for the seminar presentations, 10 are for the mid semester examinations and 5 are for class behavior and attendance.

The marking criteria is changed from the fourth year onwards to reflect the nuances of every specialization. Out of a total of 100, 80 marks are for the end semester examinations and 20 marks are for the mid semester examinations. Project Report and Moot Court is a separate paper where the project report and viva voce counts for 50 marks out of 100 and the performance in the Moot Court is the remaining 50 out of 100. The Grade Point system followed in the University is as follows.
